The locals started after the game in the second inning, and it all happened after two were out. The inning started by Abbott dropping an easy one down to first base. Then Dr. Andrews hit safe but tried to go to second and was thrown out by a country block. But it wasn't too late, for Emory Olson cracked out a two base hit and Brother Sylvester to help out singled and Emory scored.

IT WAS SENSATIONAL, Allen Winter's Victory in the Big Trot-ting Handicap.

Readville, Mass., Aug 27.—The well earned victory of M. H. Reardon's Indianapolis stallion, Allen Winter, at Readville track Wednesday, thereby capturing the largest share of the \$50,000 American Trotting handicap from the field of thirty-three starters, is believed by many of the 20,000 followers of harness racing who saw the contest, to establish a new era in the history of the sport and insure its rejuvenation in this country.

The race was novel in its country.

The race was novel in its conditions, which placed the horses at marks from one-quarter to three-eighths of a mile behind the usual starting point, on a handicap based on their previous performances, and at the conclusion it appeared to be the general opinion of all who saw the two preliminary heats and the grand finale, that this system of racing would be popular in the future.

It was the first race in which Allen Winter had trotted this year, and Lon McDonald, his driver, sized up the field in the two preliminary heats. In the first he watched sixteen horses, the first he watched sixteen horses, placed at marks from 1,320 to 1,720 feet behind the usual starting line, sweep once and a quarter round the rack to a grand finish with Bervalde in the lead. In the second heat, with his own horse 1,570 feet from the wire and 6,870 feet to travel, he pushed Allen Winter carefully but surely past three other horses and kept ahead of the others, finished a good third.

ahead of the others, hipshed a good third.

The first heat had been run off at 2:68 gait for the mile, but the second was a few seconds slower.

Then came the battle for final honors and the money, with sixteen well known trotter in the field, the fastest being Sweet Marie, 2:05.

Through a system of electric buttons which ran from each starting judge to a big bell it was possible for each judge to signal when his own horses were on the marks and facing the right direction. When all the judges were unanimous, the bell rang automatically and the field was away. As they turned into the stretch and As they turned into the stretch and raced under the wire for the first time, it looked like a long procession and there was very little change in position.

At the quarter pole Kim drew out a triffe, while the entire field still seemed well strung out. At the threeeighths the horses began to bunch up, and there seemed to be four divisions with Kim out ahead and Sweet Ma-

MIKE DONLIN TO QUIT. Will Abandon the Diamond in Favor

Will not stop until he gets Tommy Burns in the ring.

Boston, Aug. 27.—What would "Cy" Young do if he were with a top notch team? has often been asked. "Cy" is answering it now. He stands third among the pitchers of the American league, while his club is sixth in the race. However, Boston has been winning games with some degree of regularity and the "grand old man" is more than holding up his end of it.

Willett and Donovan of Detroit, are ahead of Young in winning percentage, but Willett has worked in six less games and Donovan in nine less.

When it comes to control, Young, Walsh of Chicago and Joss of Cleveland are in a class by themselves. These men have issued less than one base on halls per game.

"Long Tom" Hughes of Washington is about the unlucklest man in the league. Hughes has had the misfortune to work in five games in which his club did not score. He has allowed only six hits per game and stands away down in the list. "Rube" Waddell still holds the strikeout record with an average of seven in 21 contests. Of the Cleveland pitchers "Heinie" Berger has the best winning percentage but has labored only a dozen times, while Joss has been in the box on 27 occasions.

Will not stop until he gets Tommy Burns in the ring.

例の Okiahoma City at Topeka. Enid at Webb City. Springfield at Wichita. Joplin at Hutchinson.

The Oklahoma City Mets open in Topeka tomorrow what will undoubtedly prove the crucial series of the season. Wichita is practically out of the running and will have to make an awful winning spurt to win. The Mets are our most dangerous rivals at the present time. Should Topeka give the Mets a decisive drubbing in the series here it is unlikely that the Mets will ever again blossom out as a factor in the race. On the other hand should the Mets take a majority the two teams will be left to fight it out as before. A double header will be the bill for tomorrow and Sunday. Hagerman and Selby will work tomorrow. Roach will take a hand Saturday while Hagerman and Selby will probably come back in Sunday's game. Sunday's game.

The Mets ought to be easy picking when the team reaches Topeka. Bill Rapps has been left at home on account of sickness and Hoffer is subbing at first base. Manager McConneil is also sick, while Emory is out of the game for the rest of the season on account of a spiked foot and Everhart of Webb City is taking his place. Kelsey is also on the sick list.

Harry Cheek, when he stepped to the plate in the game at Webb City Sunday, at which time his sale was announced, was presented with a dismond stick pin by the fans of Webb City

Abbott got in one of his old time blows with his bludgeon which leoked good to the fans. It rolled to the right field fence and went for three bases.

Sylvester Olson is playing a much better game of late and seems to be getting into his stride again. He is fielding much faster and hits the ball with regularity with regularity.

Hendrix seems to have made good with a vengeance. Holding the Enid team to three hits is a creditable per-formance for a man who has been un-able to work for two weeks.

Who says the Oklahoma City team hasn't a good deal of luck. Bill Hoffer played first base Wednesday in the place of Rapps and in the ninth inning with the bases loaded put the ball over the fence for a home run, winning the game 5 to 2. Every score of the game was sent over on a home run. Lofton and Pokorney scored the two for the Tripletts with a homer and early in the game Downey connected for one for the Mets. But as to Hoffer, this will boost his average to pretty nearly .059.
